

Registrations for the [TU Berlin Winter University Online 2022](https://www.tu-berlin.de/menue/summer_university/winter_uni_online_2022/) are in full swing.

https://www.tu-berlin.de/menue/summer_university/winter_uni_online_2022/

Our intensive and interactive online program runs for **four weeks** from **January 3rd -28th**, 2022 including a preparatory reading week from January 3rd 7th. All courses are accredited with 6 ECTS. In our courses students have the opportunity to take part in a global short course from home, whilst earning credits towards their degrees.

We still have places remaining in the following courses:

- [Data Science with Python](#)
- [Introduction to Python Programming](#)
- [Introduction to Artificial Intelligence](#)
- [Space Mission Design](#)
- [Programming in Java](#)
- [Foundations of Design Thinking](#)

The Winter University includes a digital cultural program, where participants will have the chance to get to know their international peers, to gain an insight into the highlights of Berlin and to take up one of cooking or virtual-visit challenges. Courses are also open to university staff and working professionals.

Courses cost just €980 for current students, but as a valued partner of the TU Berlin Summer & Winter University, your students will receive the Early Bird discount of 50€ regardless the date they register.

Keep up to date on our online program on [Instagram](#), [Facebook](#) and [LinkedIn](#).

We look forward to seeing your students online soon.

Best wishes from Berlin,
Beth Sibly
